Hi everyone !

I'm Anita, 24 years girl, from France and Switzerland. When I decided to come to Australia, I choose to be Au Pair because I was thinking, and I still think, that is the best way to start in a new country. Especially when you don't know anyone, anything about the culture, the habits and the way of life of the people. I was looking after kids in my country, so children were not a problem for me !

Thanks to Au Pair Connections Australia and the Director Sharon, I found my two perfect families, and they found the perfect girl for their needs.

My first Aussie family in Perth, was a single mum with 2 boys (6 and 8). I stayed with us for 3 months. In the morning I was studying English at PICE school, and then in the afternoon, my job was to pick up the kids at school, to do the homeworks with them and to help the mum with the dinner.

Nothing impossible ! I became part of the family very quickly and it was not a job anymore.

My time was perfectly shared with the school hours and my time with the family. PICE school knows how to organise the lessons for the Demi Pair.

My second Au Pair adventure was in the countryside (2 hours from Perth). There, I was looking after 3 kids (2, 5 and 7). Mostly, I was helping the mum with the cooking, the cleaning and the gardening of the house. The same little things you are doing when you are still living with your parents, nothing more !

Those two experiences were awesome ! I could improve my English easily, with the kids, as much as the parents and the rest of the family. I discovered a huge part of Western Australia, by going in holidays with the families. And finally, and the most important, I found two marvellous Aussie families. I'm still in contact with both of them. And I will go to see them when I can !

Au Pair Connections Australia is able to find the right girl for the right family ! Thank you very much for all you did Sharon.
