

BY STEPHANIE

Hi everyone,

I'm Stephanie from France and I'm 32 years old. I decided to come in Australia to learn English at Perth International College of English and enjoy the last opportunity to get a Working Holiday Visa. Then with Au Pair Connections I could discover and enjoy the Demi Pair program.

I think that it's a good idea to learn more about language, culture and share the lifestyle of the country. It's a good way to learn English quickly and feel safe to share a place with a family.

I spent 6 months with my lovely Aussie family. After I finished at school I became Au Pair full time. I took care of two happily young boys. Their parents were really nice and we had a good relationship, we worked together as a team! I felt that I became a member of the family, I met the grandparents, spent Christmas with all the family, went 2 weeks in Cervantes during the summer school holidays.

I learned a lot with the boys and all the family, and not just about English but also lots of things about Australia! I still keep in touch with them ☺ they became my Australian family.

This experience was great because Sharon, the Director of Au Pair Connections helped me a lot. She was always available to answer my questions and she can be a mediator between Au Pair and the family if need be. Also, she organized some events during the years with all the other Demi Pairs/Au Pairs, that is a good thing to meet others girls who do the same "job" that you do and we felt supported by Sharon and her team.
